SUMMER SAFETY

GOING SWIMMING, FLOATING OR SKIING THIS SUMMER

HERE ARE SOME TIPS TO HELP YOU STAY SAFE

- Currents can be faster than they appear, throw in a twig to check how fast the river is really flowing.
- The current is always stronger outside a bend.
- Always remember to enter the water feet first, to check for submerged objects.
- River conditions are always changing, an area that is safe in the morning can be dangerous in the afternoon.

SUCCESS

*If you think you are beaten, you are,
If you think you dare not, you don't
If you like to win but think you won't
Its almost certain you won't.*

*If you think you'll lose, you're lost
For out in the world we find
Success begins with a person's will,
It's all in the state of the mind.*

*Life's battles don't always go
To the strongest or the fastest
Sooner or later these who win
Are those who think they can.*
